PROFESSIONAL SUMMARY

Software Engineer with 4 years of experience designing and shipping cross-platform web and mobile applications using React, React Native, and Next.js, backed by hands-on work with MongoDB, SQL/Supabase databases, and Node.js services, plus working knowledge of Python. Proven record of delivering production iOS/Android apps and AI-powered web platforms end to end. Actively leverages AI-assisted development tools (Claude AI / Claude Code) to accelerate delivery, improve code quality, and ship faster.

TECHNICAL SKILLS

Frontend: React, React Native (Expo), Next.js, JavaScript (ES6+), TypeScript, HTML5, CSS3, Tailwind CSS / NativeWind

Backend & Database: Node.js, REST APIs, MongoDB / Mongoose, SQL & Supabase (PostgreSQL), Prisma

Languages: JavaScript, TypeScript, Python (basics), SQL

Mobile & Integrations: Expo Router, Clerk Auth, Apple HealthKit / Health Connect, Google Gemini AI, Push Notifications, Maps & Geolocation

Tools & Practices: Git & GitHub, AI-assisted development (Claude AI / Claude Code), Agile / Scrum, EAS Build, Sentry, AWS Amplify, Vercel

PROFESSIONAL EXPERIENCE

Software Engineer

Kraftbyte

Jun 2021 – Present

Bengaluru, India

- Built and shipped a cross-platform health & food-rating mobile app with React Native (Expo) and TypeScript, integrating Apple HealthKit / Android Health Connect, Clerk authentication, camera capture, and push notifications — released to the App Store.
- Developed Tour Connect and Namma Kadai, multi-language React Native apps featuring live maps, geolocation, offline-capable state management (Zustand, NativeWind, i18next), and a Supabase backend.
- Delivered Creamy Sticks Stock, a Next.js + Supabase inventory-management web app with one-click PDF reporting (jsPDF), and Label Reader, a MongoDB-backed product-label scanning platform on AWS Amplify.
- Accelerated delivery and code quality across projects by adopting AI-assisted development (Claude AI / Claude Code), reducing boilerplate and review cycles while maintaining clean, maintainable code.

KEY PROJECTS

Food Rating App — Cross-platform AI health & nutrition rating app live on iOS & Android.

Tech: React Native (Expo), TypeScript, Clerk, HealthKit / Health Connect, expo-camera, Sentry [Website](#) | [App Store](#) | [Google Play](#)

AI Voice Agent Platform — AI-driven inbound call handling with real-time speech and LLM responses.

Tech: Next.js, Google Gemini, Google Cloud Speech/TTS, Twilio, MongoDB, Prisma

Tour Connect & Namma Kadai — Multi-language mobile apps with maps, geolocation, and offline support.

Tech: React Native (Expo), TypeScript, Supabase, react-native-maps, i18next, Zustand

Creamy Sticks Stock — Inventory & stock management web app with PDF report generation.

Tech: Next.js, React, TypeScript, Supabase, jsPDF

EDUCATION

Bachelor of Business Administration (BBA)

2016 – 2019

The American College, Madurai Kamaraj University — Madurai, India

CERTIFICATIONS

- Full Stack Development — Kalvi Institute, Madurai
